1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: Claims 26-73 have been cancelled as specified in the previous action.

## Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance: the closest prior art references of record is the patent to Rhu et al. (5,481,718) and the patent to lborra et al. (6,681,383); however, neither teach or suggest the features of having the conceptual model comprised of an object model, a dynamic model, a functional model and a presentation model which together define the complete functionality of a target computer program to be automatically generated and which defines complete interface mechanisms for interaction of user or other processes with the functionality of the target computer program or validating formal language specification to prepare formal language specification for automatic translation into complete operative code of the target computer program which is the functional equivalent of the conceptual model.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
